DIN Surface DBs - Economy

Classic, economical design for use with DIN modular devices in any application requiring reliable quality and low cost. Earth and Neutral bars included

According to Standard: IEC60439, IEC61000

Approvals: CE, RoHS, ISO9001

Ingress Protection Rating: IP40

Material: ABS for body (White) and Poly Carbonate for door (Transparent)

Glow wire test: 650°C/30s

Stock Code	DIN Modules	Dimensions	Box qty
THR-LWDS-4	4 modules	200x115x95mm	30 pc
THR-LWDS-6	6 modules	200x150x95mm	30 pc
THR-LWDS-8	8 modules	200x185x95mm	20 pc
THR-LWDS-10	10 modules	200x220x95mm	20 pc
THR-LWDS-12	12 modules	200x260x95mm	20 pc
THR-LWDS-15	15 modules	200x310x95mm	15 pc
THR-LWDS-18	18 modules	220x360x100mm	10 pc
THR-LWDS-24	24 modules (12+12)	325x270x100mm	10 pc
THR-LWDS-36	36 modules (12+12+12)	460x270x100mm	5 pc

DIN Surface DBs - Weatherproof

Designed for outdoor use using high quality materials and seals. Large internal space allows for convenient installation and wiring of DIN modular devices. Earth and neutral bars included

According to Standard: IEC60439, IEC61000

Approvals: CE, RoHS, ISO9001

Ingress Protection Rating: IP65

Material: ABS for body (Grey) and Poly Carbonate for door (Transparent)

Glow wire test: 650°C/30s

Stock Code	DIN Modules	Dimensions	Box qty
THR-LWHA-4	4 modules	210x140x100mm	20 pc
THR-LWHA-8	8 modules	210x215x100mm	20 pc
THR-LWHA-12	12 modules	260x300x140mm	10 pc
THR-LWHA-18	18 modules	285x410x140mm	5 pc
THR-LWHA-24	24 modules (12+12)	415x300x140mm	5 pc
